PREFACE

This Annual Report on the working of Registration of Births and Deaths in Mizoram for the year 2016 is the 31st publication. I, hereby, take the opportunity to express my heartfelt gratitude to all Officers and Staff involved in this work.

Information contained in this Annual Report has been processed from vital information submitted by the local Registrars of Births and Deaths in the form of Monthly Returns. Without the co-operation of the Registrars, the function of Civil Registration System in Mizoram would not have been possible. I am, therefore, very glad to the Registrars of Births and Deaths for their untiring services.

Being Nodal Department of Civil Registration System, the Directorate of Economics and Statistics has a mini vital statistical unit, which co-ordinates, maintains and supervises the work of the local Registrars of Births and Deaths, who are scattered throughout the length and breadth of the State. Though the unit has many limitations in terms of manpower, facilities etc., achievement made with their limited resources is worth to note.

Suggestion for improvement of the Report in future is always welcome.

Dated Aizawl, the 29th August, 2017. (LALCHHUANAWMA HRAHSEL)
Addl. Chief Registrar of Births and Deaths

Director,
Economics & Statistics
Mizoram : Aizawl.

Write up on Civil Registration System in Mizoram

1. Introduction:

The present report is the thirty-first series of the Mizoram Annual Report on the working of Registration of Births and Deaths Act, 1969. The report presents vital Statistics of Mizoram for the year 2016. The Registration of Births & Deaths Act, 1969 and the Mizoram Registration of Births & Deaths Rules, 1978 framed under the Act came into force in the State with effect from 1.7.1985. The present publication is prepared from the software supplied by Registrar General India, Ministry of Home Affairs, Govenment of India, New Delhi based on the revamped system of Civil Registration System. In compliance with the revamped System of Civil Registration System, the Mizoram Registration of Births and Deaths Rules 1978 was amended in the year 1999, and the revamped system was introduced in Mizoram with effect from 1.1.2000. Consequent upon the revamped system introduced by the Office of the Registrar General India, New Delhi, the new rules known as The Mizoram Registration of Births & Deaths Rules, 2007 was laid before the State Legislative Assembly on 3.4.2007 and hitherto implements in the State. The Amendment Rules, 2015 came into effect from 15th September 2015.

2. Registration Hierarchy in Mizoram:

In Mizoram, the Directorate of Economics & Statistics has been entrusted with the responsibility of implementation of the RBD Act. The Secretary, Planning & Programme Implementation Department is the Chief Registrar of Births and Deaths and the Director of Economics & Statistics is the Additional Chief Registrar acts as the functional head of the Civil Registration System. The Civil Registration System is the handiwork of Inter Department in Mizoram. Therefore, the Inter-Departmental Co-ordination Committee is the highest authority in the Registration hierarchy.

3. Flow of Monthly Returns:

The whole of the State of Mizoram is covered by **832** Registrars of Births and Deaths whose jurisdictions are specifically defined. These Registrars of Births and Deaths submit monthly returns directly to the Office of the Addl. Chief Registrar of Births and Deaths. The returns are compiled, tabulated and published in the annual report on the working of RBD.

4. Annual Training of Registrars of Births and Deaths:

On scrutinising the monthly returns received from Registrars of Births and Deaths and to convey important information to Registrars, the Office of the Addl. Chief Registrar felt the need for regular meeting. Hence, the annual training of Registrars of Births & Deaths is organised in every year. The training are held during the months of November and December at nine centres, Namely, Aizawl, Kolasib, Champhai, Mamit, Serchhip, Lunglei, Chawngte, Lawngtlai and Saiha. Participation on the part of local Registrars in these training are up to the mark with around 95% attendance in every training.

5. <u>Maintenance of Records</u>:

Registers of Births and Deaths submitted by the Registrars of Births and Deaths are kept in the office of the Addl. Chief Registrar / Director, Economics & Statistics Deptt. for Aizawl District and in the Offices of the Addl. District Registrar / District Research officer, Mamit, Kolasib, Serchhip, Champhai, Lunglei, Lawngtlai and Saiha for their respective District.

6. <u>Delayed Registration</u>:

As prescribed by the Registration of Births and Deaths Act 1969, with the corresponding State Rules, events of births and deaths reported after 30 days but within one year of occurance are registered with prior permission from the Addl.Chief Register of Births and Deaths and on payment of late fee of Rs.100/- (Rupees one hundred) only. Events reported after one year of occurance are registered only with prior written permission from Judicial Magistrate 1st Class and on payment of late fee of Rs.1000/- (Rupees one thousand) only. Events reported after 21 days but within 30 days from the date of occurance are registered by the Registrars on their respective permission with late fee of Rupees 10/-.(Rupees ten) only. The collected fees are deposited into Government Revenue under relevant head of account.

7. Difficulties encountered in implementation of the Act:

The Office of the Addl. Chief Registrar of Births and Deaths explores every possible steps to achive 100 % registration of events of Birth and Death in Mizoram. Hence the level of registration and reporting are 100 % and 94 % respectively in respect of Births & Deaths. Dificulties for constant 100 % registration and reporting are due to geographical location of the State. The State is bounded by a long line of International border. Floating population is been along those lines of border where level of registration or reporting are normaly lower then other parts of the State.

8. <u>Publicity Measures</u>:

Adequate publicity had been made on the importance of Civil Registration. Advertisements were often displayed in the daily newspapers and periodicals in local language. In localities where village criers are not available, Non Government Organisation called Young Mizo Association (YMA) and Local Council / Village Council took up the responsibility of informing the public the importance of reporting vital events to the Registrar.

GLOSSARY OF TERMS

Birth: Live birth or still birth.

Live birth: Complete expulsion or extraction from its mother of a product of conception, irrespective of the duration of pregnancy, which, after such expulsion or extraction, breathes or shows any other evidence of life, and each product of such birth is considered live-born.

Death: Permanent disappearance of all evidence of the life at any time after live birth has taken place.

Still Birth: Foetal death where a product of conception has attained at least the prescribed period of gestation.

Infant Death: Death of a child less than one year old.

$$Birth Rate = \frac{Number of Births}{Total Population} X 1000$$

$$Death Rate = \frac{Number of Deaths}{Total Population} X 1000$$

$$Still Birth Rate = \frac{Number of Still Birth}{Number of Deaths in the same year} X 1000$$

$$Infant Mortality Rate = \frac{Death among children < 1 year old}{Number of live Births in the same year} X 1000$$
